Live, in-person:

31 Jan – 1 Feb 2024 | Dubai World Trade Centre

14.25 CME points

CME provided by

20th Orthopaedics Conference

31 Jan - 1 Feb 2024 | Dubai World Trade Centre

Theme:

Complications in Orthopaedic surgery, and how to manage?

Conference overview:

Navigating challenges in orthopaedic surgery can be a daunting task, but every problem presents an opportunity for a solution. Embrace this ethos at the Arab Health 2024 Orthopaedics Conference, where renowned local and international specialists will illuminate clinical scenarios across four pivotal areas: the spine, foot, and ankle on day one, followed by the knee and shoulder on day two. Engage in interactive sessions, share insights, and contribute your valuable expertise. Elevate your knowledge and join us on January 31 and February 1, 2024, at the Arab Health Orthopaedics Conference. Don't let this exceptional opportunity pass you by!

Session tracks:

- Spine
- Ankle and Foot
- Shoulder
- Knee

What's new for 2024?

- Conference is split by specialties
- Case-based topics
- Interactive sessions

Benefits of Attending:

- Identify the intricate details of orthopaedic surgical complications as you actively engage in case-based dialogues, fostering a practical and real-world understanding of these challenges.
- Define focus within the field of orthopaedic surgery by delving into specific challenges through the conference's unique structure. Sessions are divided by specialty, ensuring a targeted exploration of spine, foot, ankle, knee, and shoulder-related issues.
- Communicate and discuss with both local and international orthopaedic specialists. This gathering is a unique platform to exchange views, discuss challenging cases, and broaden one's professional network in the realm of orthopaedic complications and their management.

Who will be attending:

- Orthopaedic Surgeons
- Consultants/Specialists,
- Head of Orthopaedics
- Orthopaedists
- Sports Medicine Physicians
