

Make sure you capture that potential US\$1 million deal!

Track your leads and follow up on valuable conversations with the Arab Health Lead Retrieval App.

No more lost business cards or clunky clipboards, download the Arab Health Lead Retrieval app from the AppStore or Google Play and capture the details of every potential customer.

- Scan the visitor badge barcode to get full contact details
- Add notes and additional information as you're talking and pre-define the questions important to your business, including:
 - Which of your products or services they are interested to get more information about
 - When they need them or when they are planning to purchase these products
- No internet connection required, information is captured and stored until the next time you're online

Plus, if you're running a sales team or require multiple users:

- Create one main company account and then setup multiple team member accounts with individual targets and bespoke questions

All leads are stored on an online customer portal where they can be accessed by authorised users anywhere in the world:

- Give access to support teams to follow up immediately on hot leads
- Export data into your CRM System to track conversion from the show

Maximise your ROI from Arab Health and get access to the Arab Health Lead Retrieval App for just US\$250.
