Public Health Conference Agenda

10 CPD Points.
Theme: ‘Theme: Public health during epidemics, disasters and emergencies’

What’s new:
- Now a two-day comprehensive and concise programme featuring top international speakers
- New topics on current and future priorities for the public health specialist
- Reduced price and special rates for Allied Healthcare Professionals, international members of endorsing partner societies

Key topics:
- Public health among displaced populations
- Disaster preparedness and management
- Health systems during conflicts and emergency situations
- Emerging and re-emerging infectious diseases during disasters & emergencies
- Interventions and programmes in Public Health
- Mental health
- Women’s health
- Ageing

Who should attend:
- Directors of Health
- Health Policy and Strategy Officers/Managers
- Community Health Official (NGOs)
- Case Officer/Manager (Hospital)
- Public Health Researchers/Specialist
- Health Educator/Public Health Faculty/Professor
- Head of Emergency/Disaster Management

Benefits of attending:
- Define the role and function of public health bodies during epidemics, disasters and emergencies
- Identify strategies to implement viable public health programmes within communities
- Discuss best practice in the management of complex emergencies
- Measure and address the effect of public health interventions on communities
- Identify a comprehensive public health response to population ageing

*Allied Healthcare Professionals such as Nurses, Physiotherapists, Radiographers and Technicians can contact the Arab Health conference team on +971 4 408 2891 or ahcongress@informa.com to find out more about the special rates. Valid company/employee identification with job designation will be required to avail the special rates.*
